- 1.3 Megapixel built-in camera

Key Technologies

Enhanced Web Browsing Through its hi-res touch-screen, you can browse many popular websites. Your portable Internet experience is now closer to the internet experience on a PC. Enhanced Web Browsing combined with Adobe® Flash® Lite 3 support means you now have access to websites like YouTube™ and others. Mylo's upload and download capability allows you to use popular websites like Facebook® for posting and commenting¹. Adobe® Flash® Lite support also means you can play compatible casual Flash games.

Instant Messaging. Where and when you want. With the Sony® mylo™ communicator you can always stay in touch. Instant Message your friends with the most popular messaging software from AOL®, Yahoo!®, Google™ and Skype®. Send and receive e-mail through AOL® Mail, Google Gmail™ and Yahoo!® Mail. And, with COM-2's new backlit keyboard you can type wherever you want to regardless of how much light is available.

mylo Widgets A widget is a small application that is generally designed to do one simple thing but to do it really well. COM-2 comes with several pre-installed widgets that range from basic like the Google search widget and the Facebook® Notifier that tracks activity on your Facebook page to more advanced apps like the My Contacts widget that works as a consolidated buddy list for all the IM applications on the mylo. In addition to the preinstalled widgets COM-2 users will be able to download new widgets from the new COM-2 product website. And, for the first time, users will be allowed to register as a developer in order to gain access to the technical resources they will need to build their own widgets.

Built in Camera With the built in 1.3 Megapixel camera imaging and everything you do online are at your finger tips¹. Now you can capture photos, edit them on the built in photo editor and because COM-2 features upload and download capability you can post them directly to your blog or even to your Facebook page¹. All on the mylo without the need for a PC.

Voice Calling with Skype® Skype lets you enjoy free Internet phone calls to and from any Skype enabled device and PC, anywhere in the world! Or Skype-Out to any phone number for a nominal fee.

Music and Video MP3, ATRAC, WMA (Secured and Un-Secured) and now AAC codecs. Play music you've purchased from many compatible online music stores. Multi-task: listen to music³ while you IM or surf the Web¹. COM-2 also supports Windows Media DRM 10 so you can even use your mylo communicator with many popular subscription music services. The improved video player supports both MPEG4 along with the improved video quality of MPEG4 AVC.

Free Wi-Fi access at McDonald's and more¹⁰ Sony's mylo™ COM-2 device owners receive free¹⁰ Wi-Fi access at over 10,000 Wayport Hotspot locations nationwide; including over 9,000 participating Wi-Fi enabled McDonald's® Restaurants, 70 IHOP restaurants, 600 hotels, and more.

Specifications

Video

Format(s) Supported: MPEG4 SP/ASP, AVC Baseline (up to QVGA 30fps, 384/768 kbps)

Audio

Format(s) Supported: MP3, WMA, AAC, ATAC®

Inputs and Outputs

Headphone Jack: ø3.5mm jack via remote controller

Headset Inputs: 10pin flat jack (16ohms)

USB Port(s): mini USB jack

Power

AC Power: Adapter DC IN 5.2V

Battery Life (Approx.): Up to 6 hours Internet calling⁶, Up to 20 hours music playback⁶, Up to 7 hours video playback⁶, Up to 6 hours Web Browsing⁶

Battery Type: Removable Lithium-Ion Rechargeable Battery 3.7V 1200mAh

Dimensions

Weight: 6.8oz (193g)⁷ (including rechargeable battery)

Measurements: 5 1/4 x 27/32 x 2 5/8in (130.8 x 20.7 x 64.6mm)⁷ (excluding protrusions)

Operating Conditions

Operating Temperature: 5 to 35 C (41 to 95F)

Software

Instant Messaging: Yahoo!® Messenger, Google Talk™, Skype® or AIM®

Internet Voice Calls: Skype®

Hardware

LCD: 3.5 WVGA (800 x 480 pixels) with Touch Panel

Keyboard: Backlit slide-out QWERTY keyboard

Speakers: Built-in

Microphone: Built-in and one-touch answer remote controller

Camera: 1.3 Megapixel with macro mode

Networking/Modem

Wireless LAN: IEEE 802.11b/g

Security: WEP (128bit/64bit, Open System/Shared Key), WPA-PSK (TKIP, AES)

Memory

Memory Size: 1GB⁴ Internal memory • San Diego, CA 92127 • 1.800.222.7669 • www.sony.com

Type: Memory Stick Duo/PRO Duo™ Expansion Slot (up to 8GB Memory Stick Duo/PRO Duo™ supported⁹)

Graphics

Format(s) Supported: JPEG, PNG, BMP⁸

Web Browser

Web Browser Type: Access NetFront™ web browser with Adobe® Flash® Lite 3

Supplied Accessories

One Touch Answer Remote Controller with Microphone

Headphones

Stylus

Strap

AC Adapter

Rechargeable Battery Pack

Carrying Pouch

USB Cable

Installation CD-ROM (PC required)

Color: Black

UPC Code: 027242720817

1. Requires compatible wireless LAN access point(s). Some features rely on Internet services which may require a fee. As with all wireless products, actual performance will vary depending on environment.
2. Viewable area measured diagonally.
3. mylo COM2 supports music in MP3, AAC, WMA (Secured and Un-Secured) or ATAC® codecs. DRM (Digital Rights Management) encoded music files must be played from the device's internal memory.
4. Actual free memory may vary due to pre-configuration. 1GB equals 1024 Megabytes, a portion of which is used for data management functions.
5. mylo™ COM2 only supports web-based email from AOL® Email, Google™, Gmail™ and Yahoo!® Mail.
6. Actual battery life will vary based on network, product settings, usage patterns, battery and environmental conditions.
7. Weights and measurements are approximate and may vary.
8. Editing photo feature can be used on photos up to 1280 x 1024 pixels.
9. To learn more about "Memory Stick," please visit www.sony.com/mylo/support.
10. Free through December 31, 2010.
